

HELP OUR LADY HELP RAWANDA!

The Missionary Intention of Our Holy Father
November 2006

African Development. That through the effort of believers, together with the forces of society, the new and old chains which prevent the development of the African Continent may be broken.

The approved apparitions of Our Lady of Kibehoe in Rawanda Africa is a wonderful opportunity to meet the Holy Father's Missionary Intention for Nov.

I recently met Fr. Leszek Czelusniak, MIC, (Stockbridge Father) who is the chaplain to the new Shrine of Our Lady of Kibehoe. I believe our prayers and financial assistance can help both the physical and spiritual development of this nation and continent, and that united with Our Lady's presence there, these efforts will prove even more efficacious. Perhaps before too long the new 16 room retreat house might be able to accommodate American Pilgrimages that could further assist in Africa's development. Pilgrims, are you ready for Africa???

Please Make Checks Payable to "Marian Helpers" AND in the "memo" Section on your check indicate "Rawanda Mission"-Fr. Leszek!
